Recovery Services

Co-Occurring Recovery

The Health Solutions substance use and co-occurring disorder specialty programs are called Crestone Recovery Services. We have outpatient programs to assist clients however best fits their needs. Every individual is unique, so our customized treatment services are able to meet specific needs of each client and we work with our clients to develop a plan everyone is agreeable to.

Outpatient Co-occurring Treatment

Our outpatient substance use and co-occurring disorder recovery program treats mental health and substance use concerns at the same time, for the best outcomes. Crestone Recovery Services' clinical staff is comprised of licensed and certified behavioral health professionals, case managers and peer specialists. We also offer psychiatric evaluations and medication treatment services to those who are interested in incorporating medications into their recovery plan.

DUI Services

Crestone Recovery also offers comprehensive and affordable DUI services that are licensed by the Colorado Division of Behavioral Health (DBH). Classes and therapy are available at a variety of times and days for convenience.

Treatment Alternatives Collaboration Program

Compressive mental health and substance use treatment services for people involved with the criminal justice system.
